Response to student feedback in 2017/18 course survey

I/We have taken note of the feedback from students in this course survey, and have the following comments in response:

- Thanks for the many positive comments. We will not be adding more tutorials this year, but we will be adding some more TA hours and will try to make sure these are better publicized. Note that the second lecturer is different this year and will be updating some of the material toward the end of the course.
