

Approval of KIS Learning, Teaching & Assessment Data and Programme Accreditation Data

The Board of Studies [BoS] Terms of Reference section 2.6 [<http://www.docs.sasg.ed.ac.uk/AcademicServices/Quality/QA/BoardOfStudies.pdf>] requires that BoS Committees approve the KIS Learning, Teaching & Assessment Data and Programme Accreditation Data annually and that this approval be recorded in the minutes.

I therefore ask the Board to formally approve the data in the attached reports:

*KIS Learning, Teaching & Assessment Data

*Programme Accreditation Data

Teaching staff were emailed last week with the KIS Learning, Teaching & Assessment Data and asked to check this for their individual courses.

The Director of Quality has verified the Programme Accreditation Data.
