Address

The address of the Informatics Forum is:

Informatics Forum
10 Crichton Street
Edinburgh
EH8 9AB

Reception Phone number – 0131 6515661

Access to the Forum

The main entrance, and reception, is open from 8.30 a.m. to 5.30 p.m., Monday to Friday. All entrances are swipecard operated. Please ensure you carry your swipecard at all times.

Any visitors entering out of hours should notify their host and will need to be collected personally by him or her from one of the entrance doors. Visitors leaving the building after hours should be accompanied to the exits by their host.

NB The emergency team are not available after normal working hours, but the emergency telephone number (2222) is still effective. Since it alerts security staff who are on radio call but may be remote from this building, it must be understood there may be some delay in getting help. When working alone in the department after normal hours, in the interest of your own safety, you should complete the ‘sign in and out book’ at reception.

Car Parking

University car parks and information about the permit types valid for use in them:
https://www.ed.ac.uk/transport/parking.

The University manages in excess of 30 car parks spread across five different sites. In order to park in a University car park you must display a valid permit. There are a variety of different permit types available and the type determines the car parks you may park in.

George Square has many pay as you go parking bays for cars and motorcycles.

Children and young people under the age of 16 visiting the Forum must be accompanied at all times by an adult. Children should be discouraged from running along corridors or making unnecessary noise, especially in shared offices, out of respect for fellow forum users. The Forum is not a child friendly environment and we are a Research Building.

Coffee and Tea

Coffee and tea can be obtained all day. There are several coffee points and pantries throughout the building. They have separate taps for cooled and near boiling water, a coffee filter machine and in the pantries a microwave oven and fridge. You are expected to clean up after yourselves and keep the areas tidy. A limited amount of milk is provided, but only for use in standard teas and coffees.
Display Screen Equipment

A DSE assessment can be carried about online via the Cardinus system – see more details at: www.inf.ed.ac.uk/safety/policy/dse.html

If you prefer, a DSE risk assessment form will be sent to you to complete and return. You will be contacted about any points raised on this form and a DSE assessment at your desk will be arranged accordingly.
