Response to student feedback in 2017/18 course survey

I have taken note of the feedback from students in this course survey, and have the following comments in response. These comments also apply to MInf4 and MInf5 projects.

- I fully acknowledge that there is a problem with inconsistency of supervision. I will take steps this year to make it even more crystal clear to supervisors what is expected from them, and where supervisors don't do what is required I will attempt to take corrective action.
