

MInf Project Part 1 (MIP1)

Response to student feedback in 2018/19 course survey

I have taken note of the feedback from students in this course survey, and have the following comments in response.

- This report contains feedback from a single student who was obviously dissatisfied. Some of the comments are factually incorrect. This student appears not to have read any of the information on the course webpage or to have attended the dissertation workshop in January where advice was given on how to write up the project. I feel that the feedback for PROJ and MIP2, where the organisation and support is exactly the same as for MIP1, is fairer.
