Response to student feedback in 2021/22 course survey

I have taken note of the feedback from students in this course survey, and have the following comments in response.

- Thank you very much for your valuable feedback. We are very pleased about the positive responses as well as helpful suggestions for further improvements. Regarding online delivery of the course: this year we were required to hold the course online due to Uni/School policy and the large size of the course. However, this restriction will be removed in the next year and we expect to deliver the course in person on campus.
