

Extreme Computing (EXC)

Response to student feedback in 2017/18 course survey

I/We have taken note of the feedback from students in this course survey, and have the following comments in response:

- We worked with computing support to improve the stability of the student compute cluster.
- We reduced the assignment to a single one worth 40% rather than two worth 50%.
- We aim to make the marking scheme for the assignment more clear.
- The lecture content, although similar to previous year, has been restructured.
- We moved the exam for all students to December.
